NAUSHAD SHAIKH

BCA Student | Aspiring Software Developer

naushadshaikh04626@gmail.com | +91 97643 74830

CAREER OBJECTIVE

Motivated BCA student with a strong foundation in Python, Java, HTML, CSS, JavaScript, and Node.js. Seeking an entry-level opportunity to apply technical knowledge, develop practical software solutions, contribute to team projects, and grow as a software developer.

EDUCATION

Bachelor of Computer Applications (BCA)

Pursuing

Ramkrishna More College

TECHNICAL SKILLS

Programming: Python, Java

Web Technologies: HTML, CSS, JavaScript

Backend / Runtime: Node.js

Automation & AI: n8n, Gemini AI

Data Management: Google Sheets

INTERNSHIP EXPERIENCE

Production-Level Frontend Development Intern

CodeAlpha | Virtual Internship

- Built a responsive image gallery with lightbox navigation and hover effects.
- Developed a calculator using HTML, CSS, and JavaScript with keyboard support.
- Created a music player with audio controls, progress bar, and volume control.

PROJECTS

Library Management System

- Developed a system to manage book records, member details, and book issue and return operations.
- Implemented core functionality using programming and web development skills.

Travel Booking System

- Built a platform for searching, booking, and managing travel reservations.
- Designed the frontend interface and implemented booking functionality.

Hotel Booking Management System

- Developed a hotel reservation system with room availability tracking.
- Implemented booking management using frontend and backend development concepts.

FREELANCE EXPERIENCE

AI Appointment Booking Agent — Dental Clinic

- Built an AI-powered appointment booking agent integrating WhatsApp, Gemini AI, and Google Sheets.
- Automated appointment workflows using n8n.
- Used Google Sheets to store and manage appointment data.

CERTIFICATIONS

Advanced Software Engineering Job Simulation

Walmart Global Tech — Forage | July 2026

Practical tasks in advanced data structures, software architecture, relational database design, and data munging.

Technology Software Development Job Simulation

Citi — Forage | July 2026

Practical tasks in state diagrams, feature proposals, web data queries, and live data visualization.

AI in Action Job Simulation

Vista — Forage | July 2026

Practical tasks in prompt engineering, contextual engineering, and professional workflow automation.

DECLARATION
